YOUR SPEAKERS

Marquise Cox is a High School Group Director at North Point Community Church. He works with high school students, their families and the leaders that lead the students, in creating safe and cultivating environments for students to learn and grow.

Jason Carr, founder of Legacy Now, has been working in student ministry for 20+ years. Having worked with incredible ministries like Campus Crusade and North Point Ministries, Jason now leverages his experience and expertise to serve leaders in, but not limited to, recruiting and leading volunteers, leading students and creating a healthy culture.

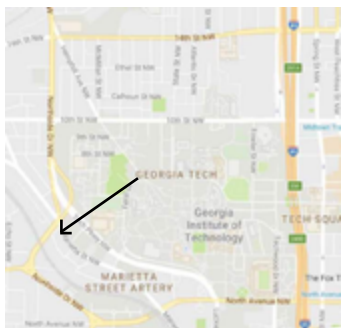

ABOUT "INVESTING IN THE NEXT GENERATION"

Leaders, staff and volunteers of every organization have struggled with the question, "Am I having an impact on the next generation?" When you are asking that question, that's a good indication you are on the right track!

We are excited to have Marquise Cox of North Point Community Church and Jason Carr of Legacy Now share some of what they have learned through their experiences in leading students. In addition, we will have a time of encouragement from Dr. Anthony Gordon, and opportunities to network and discuss in smaller groups the content and some of our own experiences.

The Thriving Leader Series creates an environment where we can discuss what has been helpful and how we can all make sure we are making the most out of our opportunities. This event is designed to provide an opportunity to learn and having enriching conversations about the best and most effective ways to impact the next generation. We look forward to seeing you there!

Prior attendance at previous sessions is not required.
